The AlumniBasel Mentoring Program

How did you experience the transition from university to the professional world?

What challenges did you face?

And how did your career ultimately develop — as planned, or in a completely different direction?

For many students, the final phase of their studies and the transition into working life are accompanied by questions and uncertainty. This is where the mentoring program offered by the University of Basel and AlumniBasel provides support.

Share your experience as a mentor and guide students on their path into professional life!

As a mentor, you support and advise students as they prepare to enter the workplace, encourage their personal development, share practical insights from your own experience, and help them explore career opportunities and alternative career paths. At the heart of the mentoring program is the mutual exchange between mentor and mentee.

For whom?

The Mentoring Program is aimed at students of all disciplines and levels of study (Bachelor, Master, PhD and PostDoc). 80 Places are available; places are allocated independently of the time of registration.

As a mentor, you...

... share your experiences of university life, career entry, and professional development with your mentee. You are a trusted confidant who offers advice, encouragement, and a listening ear.

... discover how your academic discipline and the University of Basel have developed since you graduated, while building meaningful connections with talented and motivated students.

Process (October 2026–June 2027)

1. **Registration period: 20 May – 27 September 2026** via online registration form on the AlumniBasel website
2. **Kick-off event:** 21 October 2026, 6 PM
3. **At least three meetings with your mentee** (dates and content to be arranged between you and your mentee. Additional meetings are possible by agreement with your mentee)
4. **Closing event:** 12 May 2027
